This inquiry system has been designed to support identification of borrowers covered by 32 C.F.R. Part 232, which legally protects covered military personnel and their family members from excessive interest rates. This Federal regulation, which implements 10 U.S.C. 987, defines covered borrowers as: (1) A regular or reserve member of the Army, Navy, Marine Corps, Air Force, or Coast Guard, serving on active duty under a call or order that does not specify a period of 30 days or less, or such a member serving on Active Guard and Reserve duty as that term is defined in 10 U.S.C. 101(d)(6), (2) the member's spouse, (3) the member's child defined in 38 USC 101(4), or (4) an individual for whom the member provided more than one-half of the individual's support for 180 days immediately preceding an extension of consumer credit covered by 32 C.F.R. Part 232.

This inquiry system checks the enrollment of individuals in the centralized database of identity, military medical eligibility and enrollment, and benefits verification data on members of the DoD Components, members of the Uniformed Services, and other personnel as designated by the Department of Defense, and their eligible family members (called the Defense Enrollment and Eligibility Reporting System (DEERS) database).

The Defense Manpower Data Center (DMDC) is the Department of Defense organization that maintains the DEERS database. The data in DEERS is sent to DMDC from the Uniformed Services and DoD Components. The data is as current as the information received. The DEERS database can consistently identify most individuals included in the definition of covered borrowers with the exception of (4) above: an individual for whom the member provided more than one-half of the individual's support for 180 days immediately preceding an extension of consumer credit covered by 32 C.F.R. Part 232. Some covered borrowers in this category may not be included in the database. When the applicant is not identified by the DEERS database as affiliated with active duty military, the creditor must depend on a declaration signed by the applicant as the final determination of the individual's status, as described in 32 C.F.R. 232.5.

This certificate was provided based on information provided by the requester. Providing an erroneous last name or SSN or date of birth will cause an erroneous certificate to be provided.
